

Question Bank (March 2020)

Task 4.4 (b) on page 101 of the Question Bank

The total balances on the sales ledger should be £7,560 and not £7,650 as is written in the Question Bank.

Therefore, the end of the final sentence in the solution will read:

"and the total balances on the sales ledger ($3,000+1,250+3,310 = \del{£7,650} £7,560$).
