Provider Accreditation Scheme

BPP's Tuition Solutions Provider Accreditation

BPP has developed the BPP Tuition Solutions Provider Accreditation scheme to demonstrate that as a training provider, in conjunction with the excellent tuition you provide, your institution is also offering the highest quality resources and support for your students.

As the BPP brand is internationally recognised the BPP Tuition Solutions Provider Accreditation Scheme has been developed to assist training providers in the marketing of their programmes, and is based on the level of services and resources that the tuition provider chooses to adopt from BPP.

The scheme is available across the ACCA, AAT, CIMA and ICAEW qualifications. To be eligible the tuition provider should agree to adopt BPP content and support across the aforementioned professional qualifications in order to be awarded the respective badge as outlined on the next few pages, together with fulfilling the material adoption criteria.

This document outlines each of the levels that can be achieved, together with the relevant criteria.
